

**"Gets-It" for Corns,
SURE as Sunrise!**

Any Corn, with "Gets-It" on It, is an
Absolute "Goner!"

Yes, it's the simplest thing in the world to
get rid of a corn—when you use "Gets-It,"
the world's greatest corn-killer. Really, it's
almost a pleasure to have corns, just to see

"Gets-It" Puts Your Feet in Clover.
them come off with "Gets-It." It just loosens
the corn from the true flesh, easily, and then
makes it come "clean off." Forty-eight hours
ends corns for keeps. It makes the use of
tape, corn-squeezing bandages, irritating salves,
knives, scissors, and razors really look ridicu-
lous. Get rid of those corns quickly, surely,
painlessly—just easily—with "Gets-It." For
warts and bunions, too. It's the twentieth
century way.
"Gets-It" is sold by all druggists, 25c a
bottle, or sent direct by E. Lawrence & Co.,
Chicago.

FREE BOOK, FREE SAMPLE

Almost everybody uses a laxative at
one time or another. Therefore it is
mutually advantageous that everybody
should have a chance to try Pinkettes,
the little pink granules that gently assist
nature and nothing more. They do not
gripe nor cause a reaction. They do not
hurt. It is important that everybody should
know how to treat constipation correctly
and intelligently. Therefore if you will
write a request today to the Dr. Williams
Medicine Co., Schenectady, N. Y., a
copy of the book, "Constipation, Its
Causes and Treatment," and a sample of
Pinkettes will be mailed to you at once.
Pinkettes successfully replace oil, salts
and other harsh purgatives. They do
not conflict with any other medicine.
The use of Pinkettes until regular habits
are established will correct constipation.
